

B

Dear Andrew^{and} Tom:

I am at last mailing the telescope as you requested.

After receiving your letter saying it was right for me to send it. we wrapped it and took it to the post office which was closed and the package was misplaced when taken from the automobile. And we thought someone had stolen it from the car.

At last we found it in a closet where of course

we never dreamed it would have
been placed.

Yesterday we received your
Heart Mountain news paper and
thank you for sending it to us.

Let us know if you will move
to the new location. or are you
satisfied where you are?

With best wishes to both of you
Respectfully
Mrs. F. Jones

P.S. I forgot to tell you. Mr. F. Jones
wants me to tell you that a friend
from Ohio is moving here and he and
Mr. F. Jones are going to have a garden
at this mans home. and he wants to
know if you and your father would
object to them using the tools you
left in the garage. Or would you
want to sell them? If so what would
the price be?

There are a couple hors, spading
forks + cultivator.

Please answer real soon Mrs. F. Jones
