

Dear Andy,

Single  
Aug. 29,

I feel like coming home. Don't be too surprised if you see my ugly pan around again. Maybe within a month we'll be here. We're tired of the job but the boss doesn't want us to go without our helping him thru harvesting.

I'm writing now to C. Fred Lane, Relocation Officer in Scotts Bluff about it. I hope we get an agreeable answer.

The weather here is cold in the morning. When at noon it gets as hot as heck. Must be around ninety

in the noon day heat and about  
forty or fifty in the shivering morning

That Poston fellow, Dick Finje  
left two weeks ago this Sunday, said  
he'd be back in a week. I wonder  
what's keeping him? He'd better come  
back he has twenty dollars of ours.  
But we have his radio, he left a lot  
of clothes and tools so I guess he'll  
come back, I hope. It's really lonesome  
without him and his car, especially  
the car.

Funny, you want to come  
and be with us, we want to go  
home and be with you. Maybe we'd  
feel a lot better if you did come  
out. I kind of wish you had come  
in place of Herbert. He's a lively too

young and he doesn't know  
much of any thing around here,

What's new in camp? Segregates  
haven't started moving out have they?  
Boy! I didn't know it but half the  
boys in my club must have said  
double no to question 27428 or else they  
expatriated. Most of them I never see again.

Be sure to say good bye to Shug, Ben  
and Mac for us. I guess you'll be  
waving goodbye to them at the warehouse  
area pretty soon.

How's the old swimming hole?  
Have you gone puddling around yet?  
or can you swim?

We get paid monthly or if  
we need money we ask him and  
he usually give us anything we  
want provided its not over whats  
coming to us.

You received the pictures  
didn't you, I hope they're in  
good condition.

Andly we would sure  
appreciate a Sentinel every week.  
Between Willie's family and my  
family we got papers one week  
no paper for a couple of weeks  
same paper old paper one week  
but never a weekly paper. Thank you.

Hopefully
