My dear Doctor,

The cigars came in my last mail. I thank you very much, It was indeed very kind of you to think of me, They are very fine and I enjoy them very much.

I am returning the envelope in which your card was in, You will note there is no street address, Nor can I find anything <sup>on</sup> the cigar box which indicates the correct address. Have my name and excuse for troubling you, Will you kindly have John Wagner & Sons, Send to Robert F. Potter and Thomas C. Rowley, both of Douglas, Wyoming, Each, One hundred Cigars of the same brand you have sent me, "La Flor de Cuba", and have them send the bill to me at Ross, Wyoming, I am sending you a couple of my cards, which please have ~~sent~~ Wagner & Sons send with the cigars. I am wondering if Barber has done anything in regard to your account of

the "Invasion" I have seen <sup>him</sup> a couple of times since  
I last wrote you, Barber is influenced largely by  
what Judge Pacy of Cheyenne tells him, He did not  
tell me that Pacy had advised him in regard to  
the matter, but I am inclined to think he advised  
against the printing of the account, Judging from  
Barber's conversation, I told him to cut the objection-  
-able features, That is write you what he objected  
to, and let you, if so inclined, cut out that part,  
or parts. I told him also that so far as I was  
concerned you could publish the whole story.  
Wishing you a Merry Christmas and Happy New Year,

I am sending you a couple of my cards which please have Wagner & Sons send with the cigars. I am wondering if Barber has done anything in regard to your account of the "Invasion." I have seen him a couple of times since I last wrote you. Barber is influenced largely by what Judge Lacy of Cheyenne tells him. He did not tell me that Lacy had advised him in regard to the matter, but I am inclined to think he advised against the printing of the account. Judging from Barbers conversation, I told him to cut the objectionable features. That is write you what he objected to, and let you, if so inclined, cut out that part or parts.
