190 Box 958 Cody, Myo., Hon. L. C. Hunt, Washington, D. C. Dear Senator: -You have our support in dealing with the communists if you will support measures to kick them out of our country, and make it unattractive for sympathizers. All communists should be deported to Russia and kept behind their iron curtain. Our freedom is for freedom loving people, not freedom for those who would make us slaves and ruin our country. They hide behind our laws to bring about our downfall. Hope we can keep our whole country as wonderful as our State of wyoming. Kindest personal regards. Very truly, Henry Dahlen and Family. My dear Mr. Dahlem:

Acknowledgment is made of your communication of March 25th which expresses your views regarding communism. So good to hear from you again. It pleases me very much to learn the thinking of my friends back home pertaining to proposed legislation and international affairs.

You are assured that whenever the Senate discusses matters of this nature I shall remember the pleasant surroundings of our State and the contentment of its citizens.

Personally, the Hunts do miss their good friends and the many courtesies extended them. Do write again when you have the time.

With personal good wishes, I am

Most sincerely,

Mr. Henry Dahlem Post Office Box 958 Cody, Wyoming
