Dear Sir.

I obtained your address from the list of Nat Republican Committee. The Women Suffrage question is agitating our people somewhat, and as your state has had some experience with it I would like an expression from you. What you may say will be in confidence and your name will not be used if you so desire. Is it the great panacea of all ills morally, politically, religiously— Do your best class of women desire it, and avail themselves of it. We are told that you have no insane women in your Asylums and only 3 men

To women in your prisons
and few men.

Kindly give me what statistics
you can. You may judge
from this that I am an
anti.

Hoping to hear from
you soon

I am yours truly

E. H. Footner

as you have prohibition
in Alabama
