OFFICE OF THE PRESIDENT  
LARAMIE, WYOMING

Mrs. Carrie Chapman Catt  
120 Paine Avenue  
New Rochelle, N. Y.

My dear Mrs. Catt:

The women professors of the University are having a little surprise celebration for Dr. Hebard, on Sunday, March 6th, in appreciation of her long service to the University of Wyoming and the State. We know it would mean much to her to have messages from some of her friends away from here. Would you be willing to send me a brief note of congratulation, to be read at the supper that night? It should reach me by Saturday, March 5th.

Yours sincerely,

*Ida J. Moen*

My dear Dr. Catt:

You can imagine my surprise when, at the complimentary banquet given for me by the Women Professors' Club of the University, your gracious telegram was read to the group.

Those were glorious days when I was permitted to work for you, with you and by you and the nice part, the most gratifying part is that I realized at the time that I was having an unusual opportunity and recognition which, of course was quite beyond what I really deserved. I am very appreciative of your recognition and I say that your statement about forty years of active service for "women's suffrage" is not wrong.

I trust that you are gaining daily and I beg to state that the press of work, although I am retired, is even greater, for I am still teaching and I have had the flu three times this winter and pleurisy once and thus I have not been able to write the friendly letters that I might wish.

Lovingly yours,
