

# El Paso Natural Gas Company

El Paso, Texas 79978

April 5, 1972

Mr. Steve Mackey  
264 N. Nineth  
Laramie, Wyoming 82070

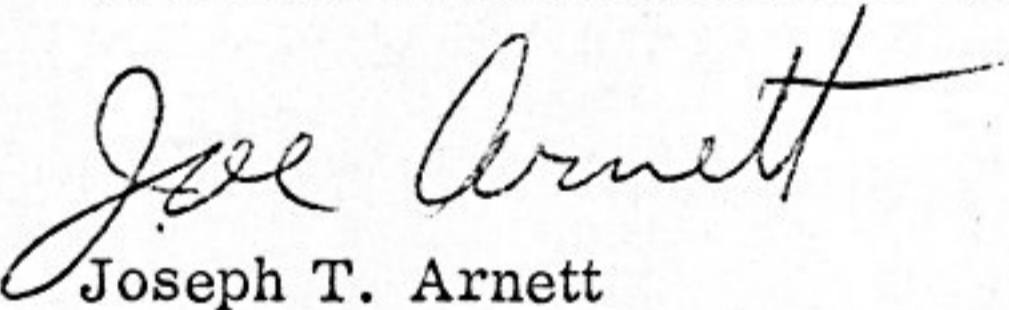

Dear Mr. Mackey:

Philip Randolph asked me to respond to your request for a list of public presentations on Project Wagon Wheel. Since we have not kept such a record, it has taken a little time to check with our people. I have gathered as complete a list as I can in the past few days, and I'm attaching it to this letter. I'm sure that some presentations have been made that aren't on the list, but I believe the list is reasonably comprehensive.

If we can be of further assistance, please let me or Phil know.

Sincerely,

EL PASO NATURAL GAS COMPANY

Joseph T. Arnett  
News Representative
